FLEETRITE® DEF — THE RITE ANSWERS

WHAT IS FLEETRITE® DEF?

Fleetrite diesel exhaust fluid (DEF) is a high-purity solution of urea in water (32.5%). It is used to chemically reduce NOx emissions from trucks and buses powered by diesel engines. DEF is contained in a separate tank and sprayed into the exhaust gases.

WHAT MAKES FLEETRITE® THE BEST DEF?

Heavy-duty vehicle manufacturers demand a high level of purity for DEF to honor the warranty that they give on their vehicles. Certified by the API, Fleetrite is guaranteed to be free from impurities and thus will not harm your vehicles' catalyst. Choosing Fleetrite brings you confidence and consistency.

HOW IS DEF DISTRIBUTED?

The Fleetrite supplier network is a world-class distribution platform comprised of 150+ local marketers operating out of hundreds of distribution points, each familiar with the intricacies of the region in which they operate. Fleetrite supplies the world's leading DEF brand with the service, equipment and reliability that you need to keep your DEF contaminant-free, from storage to dispensing.

WHAT ARE THE RECOMMENDED STORAGE AND HANDLING REQUIREMENTS?

Storage facilities can be tailored to suit customer needs allowing for the usual precautions to prevent spillage into nearby drains and watercourses. DEF that has been stored for longer than 12 months may be perfectly usable and simply needs to be analyzed to check that it still conforms to the DEF specifications.

WHOM SHOULD I CALL?

You can contact the Fluids Product Manager or your local Part Sales Manager for all your DEF questions or for equipment quotes.

FLEETRITE® PUMPS

Specifically designed and engineered for pumping DEF

½ HP SMART START CENTRIFUGAL FLTBEN101E

Strong delivery pressure makes it ideal for use in supplying DEF from storage tanks.

- Stainless steel pump
- ½ hp centrifugal pump
- Automatically starts and shuts off 12 seconds after the fill is complete
- Excellent suction capacity
- Built-in thermal and current overload protection
- Dual voltage 115 V/230 V 60 Hz
- Liquid temperature range — from +32°F to +113°F
- Self-priming
- Flow rate 8–10 gpm
- Maximum ambient temperature +104°F
- Max operating pressure: 8 bar (116 psi)
- **3-year limited warranty**

⅓ HP MANUAL START CENTRIFUGAL FLTBEN103E

- ⅓ hp centrifugal pump
- Pump body — polypropylene
- Standard on/off switch
- 115 V/60 Hz w. NEMA 5-15 plug (6 ft)
- Liquid temperature range from +32°F to +113°F
- Self-priming
- Flow rate 6–7 gpm
- Maximum ambient temperature +104°F
- Max operating pressure: 3.5 bar (51 psi)
- Built-in thermal and current overload protection
- **2-year limited warranty**

PISTON PUMP FLTKB107EA

- Hand piston pump easy to install and remove from drum
- Large base seal limits contaminants around the threads
- Low-cost solutions for low-volume needs
- Includes bung adapter hose and stainless steel nozzle
- Flow rate 2–7 gpm
- For drum use only
- **1-year limited warranty**

PORTABLE 12 V DIAPHRAGM FLTBEN111E

- Ideal for agricultural, construction and in-field transfer applications
- Stainless steel pump & nozzle mount
- 12 V diaphragm pump with integral thermal breaker
- 12' power cord with inline fuse and battery clips
- Self-priming
- Viton® seals
- Flow rate 6.5–7.5 gpm
- **2-year limited warranty**

AIR DOUBLE DIAPHRAGM FLTBEN108E

- Built for customers who prefer air pumps versus electric
- ¾" double diaphragm pump
- No-lube, no-stall design
- Flow rate 6.5–7.5 gpm
- Polypro seats
- Santoprene diaphragms, check balls
- Allows you to choose between mounting directly into a tote with the front-mounting design, wall mounting or barrel top mounting
- **2-year limited warranty**

PUMP COMPARISON

All DEF pumps are specifically designed and engineered for pumping DEF. Strong delivery pressure makes it ideal for use in supplying DEF from storage tanks. These pumps have excellent suction capacity even when there are air bubbles in the liquid. Pumps are available individually or as a package.

- Single phase 60 Hz

WARM WEATHER PACKAGE

FLTBEN115E

The fiberglass-based unit ensures years of trouble-free use. These DEF fleet tote enclosures are a smart solution, designed and built to suit your DEF dispensing needs. The simple plug-and-use design allows you to set up at your predetermined site, hook up electricity and DEF, then start pumping.

KEY FEATURES

- ½ hp DEF centrifugal pump
- Integrated nozzle boot switch
- Fiberglass island mounted enclosure
- UL, ULC enclosed electrical panel
- 25' hose reel with DEF hose
- Automatic stainless steel nozzle with breakaway swivel
- All necessary hose hardware
- Dimensions: 84" W x 84" H x 47" D

COUPLERS

MICROMATIC EPV DISPENSE COUPLER
FLTMM212P

- Includes (2) economic single-use plastic valves and down tube assembly and (1) install tool
- For single-use applications, dispensing-only system
- Designed for one-time container use
- Spring actuated, self-closing upon disconnect
- Dry disconnect — Less than 2 milliliters product loss

MICROMATIC RSV DISPENSE COUPLER
FLTMM201P

- Dispensing and filling
- Can be integrated with drums, IBC (totes) and custom/specialty packages
- For multiuse applications
- Spring actuated, self-closing upon disconnect
- Dry disconnect — Less than 2 milliliters product loss

MICROMATIC RSV FILL COUPLER
FLTMM202P

- For filling only
- Can be integrated with drums, IBC (totes)
- Dry disconnect — Less than 2 milliliters product loss

FLOW METERS

FLOW METER
FLTBEN201P

- Easy-to-read compact screen
- Precision +/- 1% within the flow range
- Easy to install, inline or directly on nozzle
- Strong casing and a sealed plug-in electronic card allow climate wear resistance

K24 TURBINE PULSE METER
FLTPU207P

- Flow Rate: up to 30 gpm
- Accuracy +/- 1%
- Pulse out 23 ppg (max distance 49 ft)
- Compatible with most fluid management systems

NOZZLES

AUTOMATIC SHUT-OFF DEF NOZZLE
FLTBEN208P

- 4-key, red
- Protects RPV container valve throughout transportation

TAMPER-EVIDENT CRIMP-ON RING
FLTMM215PA

- For 2" NPS/NPT & 2.5" x 5" buttress bung caps

RSV/RPV CONTAINER VALVE INSTALL/REMOVAL TOOL
FLTMM206P

- Attaches to standard torque wrench with ½" drive
- Used to install the 4-key RSV & RPV container valve assembly into a container

DISPENSERS

Cold weather unit shown

GASBOY MODEL FLTGIL101E
ATLAS DEF DISPENSER

KEY FEATURES

- Stainless steel DEF-compatible hydraulics protect against corrosion
- Thermostat-controlled heated cabinet and specially designed optional hanging hardware prevent DEF freezing and crystallization with minimal power consumption
- Stainless steel mass flow meter measures DEF accurately and reliably
- Measures mass directly and independently from viscosity and density changes
- Superior durability, with a best-in-industry corrosion warranty, solid metal frame and sheathing with automotive-quality coatings
- Mass flow meter measures DEF and has no moving parts that wear or stick
- Easy installation
- Warranty varies based on customization

** Units available by quote only*

OPTIONS

- Mass flow meter
- Hose retractor
- Available in warm weather models

GILBARCO MODEL FLTGIL102E
ENCORE S DEF+1

KEY FEATURES

- The unique meter and all DEF hydraulic components are made of stainless steel and other approved materials to protect against corrosion
- Thermostat-controlled heated cabinets to prevent DEF from freezing and crystallization
- Mass flow meter measures DEF and has no moving parts that wear or stick
- Measures mass directly and independently from viscosity and density changes
- Unaffected by temperature, conductivity and solid content
- ISO-compatible components ensure DEF compatibility and prevent corrosion
- Highly reliable for the long term
- Warranty varies based on customization

** Units available by quote only*

OPTIONS

- DEF-specific handing hardware
- Call button
- CRIND® with 5.7" monochrome or 10.4" color screens
- FlexPay card reader
- Electromechanical totalizers
- 5-button/incremental programmable preset
- Intercom speakers
- Master satellite configurations available

DISPENSERS

DRESSER WAYNE MODEL FLTDW101E
SELECT DIESEL EXHAUST FLUID DISPENSER

KEY FEATURES

- Patent-pending heated hose and nozzle enclosure with automatic door operation for easy access
- Retractable hose provides 12 feet of total hose reach to easily fill tanks that are not lined up with the dispenser
- DEF-compatible hydraulics help ensure DEF purity
- Nozzle and hose cabinet are heated to keep DEF from freezing during cold weather
- Thermostatically controlled heater only runs as needed to limit operational costs
- Self-closing doors ensure that the nozzle and hose stay heated and help eliminate concerns that doors will be left open
- All exterior panels made from galvannealed steel for corrosion resistance
- Push-to-start dispenser activation button
- Hand-held remote control for accessing totals and diagnostics as well as configuring the dispenser via LCD without opening cabinet
- Micro-accurate two-piston positive displacement meter, specifically designed for dispensing DEF without compromise to product integrity
- Meter is certified by Weights & Measures for retail applications and is accurate at any delivery and pressure
- Two-year parts and labor except for cabinet, which is warranted against corrosion for four years
- Warranty varies based on customization

** Units available by quote only*

OPTIONS

- Optional dual-pulse output interface option for connection to fuel control and tank monitoring systems
- Left-hand hose cabinet
- Minus heater
- All stainless steel cabinet or stainless steel doors only
- Volume preset keypad
- Stop button
- Bezel lock

DISPENSERS

BENECOR MODEL FLTBEN123E
FLEET ISLAND DISPENSERS

Benecor's fleet island dispensers deliver the ultimate in outdoor bulk DEF dispensing at the island for the island fleet customer. An original Benecor design, dispensing DEF for the fleet customer has never been easier. Simply place the unit on an island and pipe in remote bulk fluid to dispenser. This fiberglass-based unit ensures years of trouble-free use. Paired with the durable high-quality products that you've come to expect from Benecor, these island dispensers are a smart solution, designed and built to suit your DEF dispensing needs.

KEY FEATURES

- Fiberglass manufactured unit
- Side access door with lockable latch for security
- Island pad bolt through bottom skirt bracket
  - For affixing to concrete pad or sump
- Nozzle boot switch relay to operate pump
- Incidentals include the following:
  - Stainless steel auto nozzle with breakaway
  - 25' hose reel
  - 25' hose
- Dimensions: 24" W x 69" H x 41" D
- Not intended for resale purposes
- Warranty varies based on customization

OPTIONS

- Thermostatically controlled heater
- Insulated nozzle door and hardware
- Insulation package
- Benecor DEF flow meter
  - Face-mounted display meter
  - Inline pulse meter

ECONOMY DEF BULK STORAGE SYSTEMS

ECONOMY VERTICAL TANK FLTMOC101E
WARM WEATHER DEF BULK SYSTEM

SIZES

- 900-gallon: 46" W x 132" L (900-gallon expansion tanks are same dimension)

KEY FEATURES

- Flat bottom w/dome top
- ASTM and ISO compliant for DEF
- Expandable to 2700 gallons
- Perfect for locations with growing DEF demands
- Safe and practical
- Turnkey installation services available
- Narrow footprint to allow for integration with existing islands
- Warranty varies based on customization

ECONOMY HORIZONTAL TANK FLTMOC102E
ALL-WEATHER BULK DEF SYSTEM

SIZES

- 1750-gallon with hoops; 66.7" to top of manway, 146" overall length, 62" W

MULTI-ISLAND IN-GROUND BULK DEF SYSTEM

Fleetrite® offers a solution to help manage the entire construction project with our DEF supplier for fueling facilities or existing site equipment upgrades, including tanks, dispensers, tank monitoring devices and card readers.

- Establish scope of work
- Design and engineer system
- Coordinate all on-site work to meet project specifications and timeliness

KEY FEATURES

- **Facility Design** — In-ground storage provides greater site design flexibility vs. the use of large aboveground storage containers on or near diesel fueling islands.
- **Temperature Control** — No need for special equipment and maintenance costs designed to prevent freezing or excessive temperatures inside the tank, which are necessary with bulk aboveground storage containers.
- **Compatibility** — Extensive testing has confirmed the suitability for storage of DEF.
- **Superior Design** — Unlike carbon steel tanks, Xerxes tanks do not rely on special coatings or linings to protect the quality of DEF product.
- DEF tank owners and specifiers can rely on Xerxes to supply a well-designed, quality-manufactured DEF storage tank, backed by a limited 30-year warranty.

OPTIONS

- POS integration
- Available in single- and double-wall models
- Tanks can be repurposed for other fuels in the future

** Retail units available by quote only*
